

**Ready for the new sailing challenge?
Tired of putting together a full crew
for every race?**

**Looking for more kinship with those
you race against?**

**Then try the fastest growing aspect
of offshore racing – shorthanding.**

**Singlehanded racing has been
around for years – trans-Atlantic,
around-the-world, and now – more
and more—coastal. Doublehanded
racing has more recently been
attracting offshore sailors who want
the challenge but who also want
the companionship of racing with
a friend, spouse, or child.**

**Take a look at three shorthanded
races that may interest you. Each
is a major event limited to single-
handed and/or doublehanded entries
offering varying degrees of
complexity appealing to first timers
and long-time veterans alike.**

**Sailed under PHRF ratings and
with fleets mostly comprised of
cruiser/racers, each of these events
is designed to attract the serious
offshore sailor.**

**Adventure is calling — seize your
opportunity today!**

OFFSHORE 160 SINGLE-HANDED CHALLENGE®

William J. Dubuc
Trophy — Awarded
for Offshore 160's
Best Elapsed
Time Finish

Start: Friday, July 13, 2018

Sponsored by:
Rhode Island State Yachting Committee
Co-sponsored by:
Newport Yacht Club, Newport, RI

The biennial Offshore 160, held in the off-year from the Bermuda ONE-TWO, is a 160-mile qualifier for the ONE-TWO. This low-keyed, bare-bones event is designed to potentially get new skippers' singlehanded qualifying passage out of the way in the off-year, and to provide past competitors with a long-distance racing "fix."
